ROOSEVELT PENS A HOT EDITORIAL ON BIG BUSINESS

Former President Urges Federal Control of Corporations Engaged in Interstate Business

HE DEMANDS A SQUARE DEAL

Says He Was Not Deceived by Steel Trust in the T. C. & I. Merger Deal

IS AGAINST WICKERSHAM

Lines Up Flatly Against the Officers of the Present Administration; State-ments Untrue

Parting of the Ways

WASHINGTON, Nov. 16.—Roosevelt's attack on the trust policies published today, was taken here as marking the parting of the ways between the former president and his chosen successor. For months, it has been apparent that Roosevelt was not in sympathy with the Taft administration. Following the filing of the Steel trust suit, in which Taft aimed an indirect blow at Roosevelt, it was predicted that Roosevelt would strike back. The breach opened today cannot be closed, according to general belief, before convention time, and many who have doubted whether Roosevelt would oppose the re-nomination of Taft, took today's statement as conclusive evidence of his attitude.

NEW YORK, Nov. 16.—Urging complete governmental supervision over corporations engaged in interstate commerce, declaring he was not misled in permitting the Steel corporation to absorb the Tennessee Coal & Iron company, severely attacking the United States court of appeals for permitting the Tobacco trust to reorganize under the plan it proposed, and criticizing Attorney General Wickersham for his stand, Colonel Theodore Roosevelt, in a copyrighted editorial in the current issue of the Outlook, today demands a "square deal" for big business corporations which remain within the pale of the law.

His editorial is one of the most caustic he has yet penned, declaring that neither the anti-trust law, nor any modification of it, can meet the situation that confronts the government.

In part, Colonel Roosevelt writes: "The suit against the Steel trust by the government has brought vividly before the people the need of reform to order our chaotic government policy as regards business. As president, in messages to congress, I repeatedly called the attention of that body and of the public to the inadequacy of the anti-trust law by itself to meet business conditions and secure justice to these people, and to the further fact that it might, if left unamended by additional legislation, work mischief, with no compensating advantage; and I urge as strongly as I knew how that the policy followed the relation to railways in connection with the interstate commerce law should be followed by the national government as regards all business concerns."

Not Deceived by Gary
Colonel Roosevelt declares that he went over the full trust situation with Secretary of the Interior James R. Garfield, and quoted from a letter written to him by Garfield relative to the Steel trust suit, in which Garfield said:

"Nothing appeared before the house committee that made me believe we were deceived by Judge Gary. . . . The position now taken by the government is absolutely destructive to legitimate business, because they outline no rule of conduct for business of any magnitude."

Roosevelt then lines up flatly against Attorney General Wickersham and the law officers of the present administration by declaring he was not deceived in permitting the Tennessee Coal & Iron company merger, which is one of the grounds on which Wickersham has asked the dissolution of the United States Steel corporation.

"One of the grounds for the suit," writes Roosevelt, "alleged on the authority of the government officials engaged in carrying on the suit, is that as regards this transaction, I was misled by representatives of the Steel corporation and that the facts were not accurately and truthfully laid before me. This statement is not correct. . . . I was not misled. The representatives of the Steel corporation told me the truth. Flattering show that the acquisition of the Tennessee Coal & Iron company did not in the slightest degree change

U. S TROOPS WAIT SAILING ORDERS

War Department Ready to Handle Situation in China at Moment's Notice

CHINESE ARE SUSPICIOUS

Other Powers Ready to Question Motives of Government; Republic Is Imminent

WASHINGTON, Nov. 16.—Orders for the despatch of a regiment of United States soldiers to China from Manila were awaited today by the officials of the war department, who were given notice late yesterday by the state department that men would be needed.

Army officers said that the move could be executed in quick order. Preparations have been proceeding quietly for more than two weeks for exactly this purpose. It was decided today at the war department that no Filipino troops will be sent to China, even if thousands of soldiers, instead of one regiment, are needed. It is feared the presence of the Filipinos would arouse the hostility of the Chinese.

Even though the avowed purpose of sending troops to China is protecting the Pekin-Tientsin railroad, in co-operation with soldiers of other powers there are already ominous rumors that the American regiment will not be welcomed. Suspicion of the motives of this government has been aroused, according to reports reaching Washington, not only in the minds of the Chinese, but among other foreigners.

Kai Accepts Premiership
PEKIN, Nov. 16.—Yuan Shi Kai China's strong man, today accepted the premiership offered him in the name of the baby emperor.

This fact, however, will not prevent the meeting of the representative men, called to gather here to arrange terms for ending the rebellion. Yuan is satisfied that this gathering will support him in all the reforms he contemplates. In the event Yuan should later decide to break with the Manchurian dynasty and force his own election as president of a new republic, it is believed he will do so when the convention is on in Pekin and that in whatever he decides to do he will be backed by this gathering, which is made up of his followers from all sections of the empire.

It is expected that definite action will be taken within a week which will decide whether China is to remain a monarchy or to become a republic in fact.

Appeals to United States

SHANGHAI, Nov. 16.—Republican leaders are delighted today over the plea of Wu Ting Fang, former minister to the United States, that the world powers recognize the newly organized republic. They believe that Wu's international reputation as a statesman will give great weight to his words and that the response will be what they most desire.

In his appeal, Wu declared the Chinese people were not untried in self government, and that they were fully able to maintain a republic.

RELIGIOUS FANATICS DRIVEN TO INSANITY

FISHER RIVER, Mont., Nov. 16.—People calling themselves "Apostolic Saints," and dubbed "Shakers" here, have caused people to go insane through their strange religious beliefs. They left their families to starve, saying "God will feed you." One of them, Fred Thomas by name, became so insane that he prepared to offer his child as a sacrifice. He was prevented and persuaded to kill a calf instead. Many people on the Peguis reserve are afraid that murder will result from this fanaticism which is all unchecked, and have appealed to the government.

SHIP CALLS FOR HELP

SAN FRANCISCO, Nov. 16.—A "S. O. S." wireless dispatch today says the steamer M. P. Plant with forty-nine passengers on board is helpless in a surf off Point Arroya with a broken rail shaft. Tugs were rushed to her assistance and she is expected to be towed into port before night. The vessel is southbound from Seattle.

RAIL OFFICIALS INDICTED

NEW YORK, Nov. 16.—It was declared in the federal building this afternoon that eight indictments had been presented by the federal grand jury against railroads having territory in this city, on the charge of rebating. Bench warrants were issued against the officials of the companies, who also were indicted.

INDEPENDENTS OVERRULED

NEW YORK, Nov. 16.—The U. S. circuit court today handed down an order denying the motion of Felix H. Levy, attorney for the independent tobacco manufacturers and dealers, asking leave to intervene in the litigation involving the reorganization of the Tobacco trust.

LEADERS OF "TAR PARTY" GUILTY

Plead Guilty to Assault Charge for Attacking Pretty Little School Teacher

LINCOLN CENTER, Kas., Nov. 16.—Much to the surprise of the prosecution, E. G. Clark, Scranton Watson and Jay Fitzwater, alleged to have been the leaders in the mob which tarred and feathered Miss Mary Chamberlain on the night of August 7 last, today entered pleas of guilty to assault when arraigned in the circuit court.

The attorney for the defense pointed out that there was no Kansas statute covering tarring and that they considered it safer to plead guilty to the assault than to stand trial. Sentence was withheld until the end of the present court term. Having thus disposed of the cases of the three alleged leaders, the court proceeded with the trial of Sherrill Clark, A. N. Simms and John Schmidt, others who are said to have helped apply the coat of tar and feathers to the pretty little school teacher. A jury was quickly selected and three women witnesses called to testify as to Miss Chamberlain's condition on the morning after the episode.

MINE OWNER ON TRIAL FOR SHOOTING

ST. LOUIS, Mo., Nov. 16.—The trial of John H. Perry, a wealthy mine owner, for the shooting of Jos. B. Heine, a chauffeur, commenced here today. Because Heine lived more than a year and a day after being shot, the charge against Perry is assault with intent to kill, instead of murder. The shooting took place in a saloon after Heine had thrown Perry in a wrestling match. Mrs. Perry, in a suit for divorce filed shortly after the shooting, declared her husband owned property valued at \$500,000.

ARGUES FOR LEMON GROWERS

WASHINGTON, Nov. 16.—Appearing before the interstate commerce commission today Asa F. Call, attorney for the lemon growers of California, opened an argument for lower rates on lemons by saying that "a recent situation has arisen which makes it more difficult for the shippers to obtain justice than for many years past."

The "situation" is the conflicting opinion between the interstate commerce commission and the commerce court.

AMERICAN HEIRESS WEDS

PHILADELPHIA, Nov. 16.—Miss Marie Louise Elkins, daughter of the late William L. Elkins, Jr., and heir to \$2,000,000 of her father's estate, at noon today became the bride of Christian De Guigne, Jr., of San Francisco, brother of the Viscountess De Tristram.

"BOBBIE" MORRIS STARTS SOMETHING

The home of Lieutenant Governor Morris, 1309 Main street, was endangered late yesterday afternoon when his five-year-old son, Robert, accidentally set fire to a coach in the parlor. "Bobbie" had been playing with a nickel which he dropped. The nickel rolled under the couch and he immediately lighted a match to aid his search, with the result that he set the couch afire. The fire department was called and succeeded in extinguishing the fire before any damage was done to the house. With the exception of the damage to the couch little else was harmed.

FLOWER SHOW ON WITH MANY 'MUMS

Chrysanthemum Display Is Feature of Opening Day of La Crosse's Big Floral Exhibit

AN OBJECT LESSON IS SHOWN

"Before and After" Exhibit Shows Value of Flowers as Home Beautifiers

With chrysanthemums in wonderful colors rioting in profusion all over the hall, the long-heralded flower show opened at 1 o'clock today in the Masonic Temple. It is fully up to the promises made for it by C. E. Schaeter, superintendent of the company. He guaranteed that there would be chrysanthemums of son ever knew existed, and there is more variety than the average person question that he was right. There are "mums of every size from the tiny Baby and Baby Margaret varieties, the smallest known to experts, to giant Taft, Roosevelt, Eden, and Golden Weddings, which look like miniature haystacks on their lofty stems.

The central feature of the show is a great brass vase containing two dozen great Golden Weddings. The tops of the highest flowers are ten feet above the level of the floor, and each flower is the size of an indoor baseball. They are a beautiful rich golden yellow, and are in just the right stage of growth to look their finest.

One exhibit which occasioned admiration was a vase of pure white Edens. These flowers are among the most perfect chrysanthemums that have been developed by the horticulturists. They are close and firm, and grow with perfect symmetry, almost in the shape of a ball. The flowers are a pure silvery white, and the natural luster of the petals make them look almost like wax specimens instead of genuine flowers.

One exhibit which is worthy of special mention is a "before and after" object lesson in the effect of flowers on the appearance of the home. This exhibit occupies the northeast corner of the hall, and was the object of much attention.

It represents two houses, precisely similar in construction, one neglected, and the other surrounded with flowers and plants. The one house has a bare doorway, surrounded with a plain wooden fence. It looks poverty-stricken and miserable. The other is surrounded by a green hedge. There is a well-kept lawn in front, with flowers tastefully arranged about the house. It is in every respect the exact opposite of the adjoining house in effect.

In the southeast corner of the room is a Japanese bungalow, surrounded with chrysanthemums, the characteristic flower of the land of the Rising Sun. This exhibit also was the occasion of great deal of favorable comment on its beauty and artistic arrangement.

The entire exhibits of the show will be changed tomorrow, and new effects will be obtained with the use of carnations as decorative material.

MANCHESTER, Tenn., Nov. 16.—Illustrating to younger brothers how a murdered would be treated, Harvey Spears, 13, tied a bridge around his neck today, fastened one end of it to a limb of a tree and ran around the tree. As he ran, he stumbled and fell, and his neck was broken. He was dead before his mother reached him.

GRAND JURY THE LOGICAL ACTION

P. W. Mahoney Declares that This Is the Proper Method of Getting at the Facts

"There is just one way to get to the bottom of this police scandal, and that is through a grand jury investigation."

Alderman P. W. Mahoney made this statement to a Tribune reporter today. Asked if he might be quoted to that effect, Mr. Mahoney said: "That is my private opinion, and of course is not important. However, I have no objection to its being known."

Mr. Mahoney voiced the sentiments of many people in his brief comment upon the case. Inquiry about town discloses a very general impression that only by this means will the facts ever be ascertained.

Mayor Dugler and Chief Webster both announced today that there was nothing for publication. Further inquiry as to the identity of the city official who was said to contemplate filing a complaint throws no light on this subject.

PACIFIC FLEET MAY BE RUSHED TO CHINA

SAN DIEGO, Cal., Nov. 16.—That the Pacific fleet is to be rushed to China waters to assist in the protection of foreign interests during the revolution is the belief of naval men today.

Leaving \$20,000 worth of supplies on the dock without waiting to load them, the battleships Maryland, California and South Dakota are steaming hurriedly to San Francisco. When they arrive there it is believed they will receive orders to rush to Asiatic waters.

The West Virginia and Colorado are rushing the work of coaling and are expected to join the others. The supply ship Glacier is also preparing to follow with supplies.

Blunt, commander of the British cruiser Hawke, as a result of the collision between the Olympic and the Hawke, in the Solent September 20. The government has already brought a similar charge against the Olympic's owners. Each suit charges negligence and bad navigation on the part of the officers in charge of the vessels.

BRIDGE QUESTION STILL UNSETTLED

Supervisors Vote a Tie with One Man Missing; Clock Calls Adjournment

BOARD INSPECTS ASYLUM

Bill for Installation of Floor Disallowed; May Result in a Lawsuit

Supervisor Oscar Hulberg was the missing link on the final settlement of the McGilvray bridge question which came before the meeting of the county board this morning. With a resolution to the effect that La Crosse county co-operate with Trempealeau county in the maintenance of the bridge, and road leading to it, before the board, and the vote standing 18 to 18, the absence of Supervisor Hulberg became conspicuous in that his vote would have decided the proposition definitely. The future action on the McGilvray bridge question hinged entirely upon the missing vote.

Following this unsettled state of conditions, supervisors in all parts of the room rose to their feet with motions and recommendations of all kinds, some trying to save the resolution for further consideration and others trying to kill the possibility of another vote, when Supervisor Hulberg would be present. With the hands of the clock steadily creeping toward the 12:20 mark, at which time the supervisors were due to leave on the Milwaukee railroad for West Salem on their annual inspection of the insane asylum, the excitement increased until pandemonium reigned and with but five minutes left before leaving, Chairman Davis declared the resolution lost and the meeting adjourned.

No action was taken on the proposition of Supervisor William Wolfe to construct a new highway to replace the one leading to the McGilvray bridge and to abandon the present highway.

The resolution on the McGilvray bridge was returned by the road and bridge committee without recommendation.

Law Suit Probable

"A law suit is the only possible solution to the claim of the La Crosse Construction company of \$73.95 for installation of a floor at the new asylum which the company claims was not entered in the specification and plans of the asylum," declared District Attorney Thompson following the unanimous vote of the board of supervisors to disallow the claim.

An affidavit to the effect that that amount is still due for material and labor on the construction of the floor, was presented by the company today. That the understanding of the trustees, was that the floor was called for in the contract and was to be included under the contract price, is the assertion of supervisors.

The report of the county highway commissioner which was referred to the committee on roads and bridges is as follows:

TRANS-MISSISSIPPI CONGRESS IN UPROAR

KANSAS CITY, Mo., Nov. 16.—The third day's session of the Trans-Mississippi congress was thrown into an uproar here today when Geo. J. Kindell, known as the "Denver fight fighter," and one of the first men to bring rate cases before the interstate commerce commission, commenced a violent demand for a parcels post.

Arthur F. Francis, secretary of the congress, curtly informed him that his time was up, but cries from the delegates of "Let him introduce a resolution indorsing the parcels post," were heard from all parts of the hall.

"What's the use of a resolution of that kind?" shouted Kindell. "Every big interest has paid lobbyists in this congress, and the resolution would be killed."

DOES LAW FOR POOR APPLY FOR RICH?—NOT IN PACKERS' CASE

JUDGE JOCKEYS WITH LAW

Kohlsaat to Rule on Constitutionality of Penal Provision of Sherman Act

SETS ASIDE ALL PRECEDENT

Holds that He Can Review Decision of District Judge in His Own Circuit

Question of Equal Treatment at Law to Rich and Poor at Stake. The most far-reaching and important question in criminal jurisprudence today, and one in which the American people are manifesting the deepest interest is—not whether offenders of great wealth can be convicted, but whether it is possible to bring them to trial in the same way and according to the same principles as in the case of the ordinary law breaker.—U. S. District Attorney Wilkerson discussing the packers' case.

CHICAGO, Nov. 16.—About fifty million dollars worth of beef packing house magnates waited with apprehensive mien today, when Uncle Sam's prosecutors strove to fasten the poor man's justice on them and make them stand immediate trial for criminal conspiracy in restraint of trade.

A brand new entanglement was waiting discussion today by Circuit Judge C. C. Kohlsaat, the last desperate technically raised by the beef barons to gain time in the fight against possible jail terms. Judge Kohlsaat has already held that he can review the decision of a district judge in his own circuit—a new precedent in the law.

Today the question upon which Judge Kohlsaat ruled was as to the constitutionality of the penal provision of the Sherman anti-trust law. In the writ of habeas corpus, counsel for the packing house magnates separated the question of fact—that is whether or not there is evidence of a conspiracy to monopolize trade in meat and packing house products generally—from the question of law—that is whether the penal section of the Sherman act to regulate commerce—is valid and constitutionally drawn. The defendants claim the law is defective in that it does not set up any standard by which violation may be measured, that it is indefinite.

Will Take a Year

Only the supreme court of the United States can settle the question with finality. But adjudication of the issue in the highest court will take at least a year. Therefore, the government prosecutors today went into court hoping against hope that they would be able to forestall an appeal to that tribunal until after actual trial on the question of fact and law.

Pennsylvania Man Thankful

Mr. C. E. Brooks, Marshall, Mich.

Dear Sir:—

Perhaps it will interest you to know that I have been ruptured six years and have always had trouble with it till I got your Appliance. It is very easy to wear, fits neat and snug, and is not in the way at any time, day or night. In fact, at times I did not know I had it on; it just adapted itself to the shape of the body and seemed to be a part of the body, as it clung to the spot, no matter what position I was in. It would be a veritable God-send to the unfortunate who suffer from rupture if it could procure the Brooks Rupture Appliance and wear it. They would certainly never regret it.

My rupture is now all healed up and nothing ever did it but your Appliance. Whenever the opportunity presents itself I will say a good word for your Appliance, and also the honorable way in which you deal with ruptured people. It is a pleasure to recommend a good thing among your friends or strangers, I am,

Yours very sincerely,

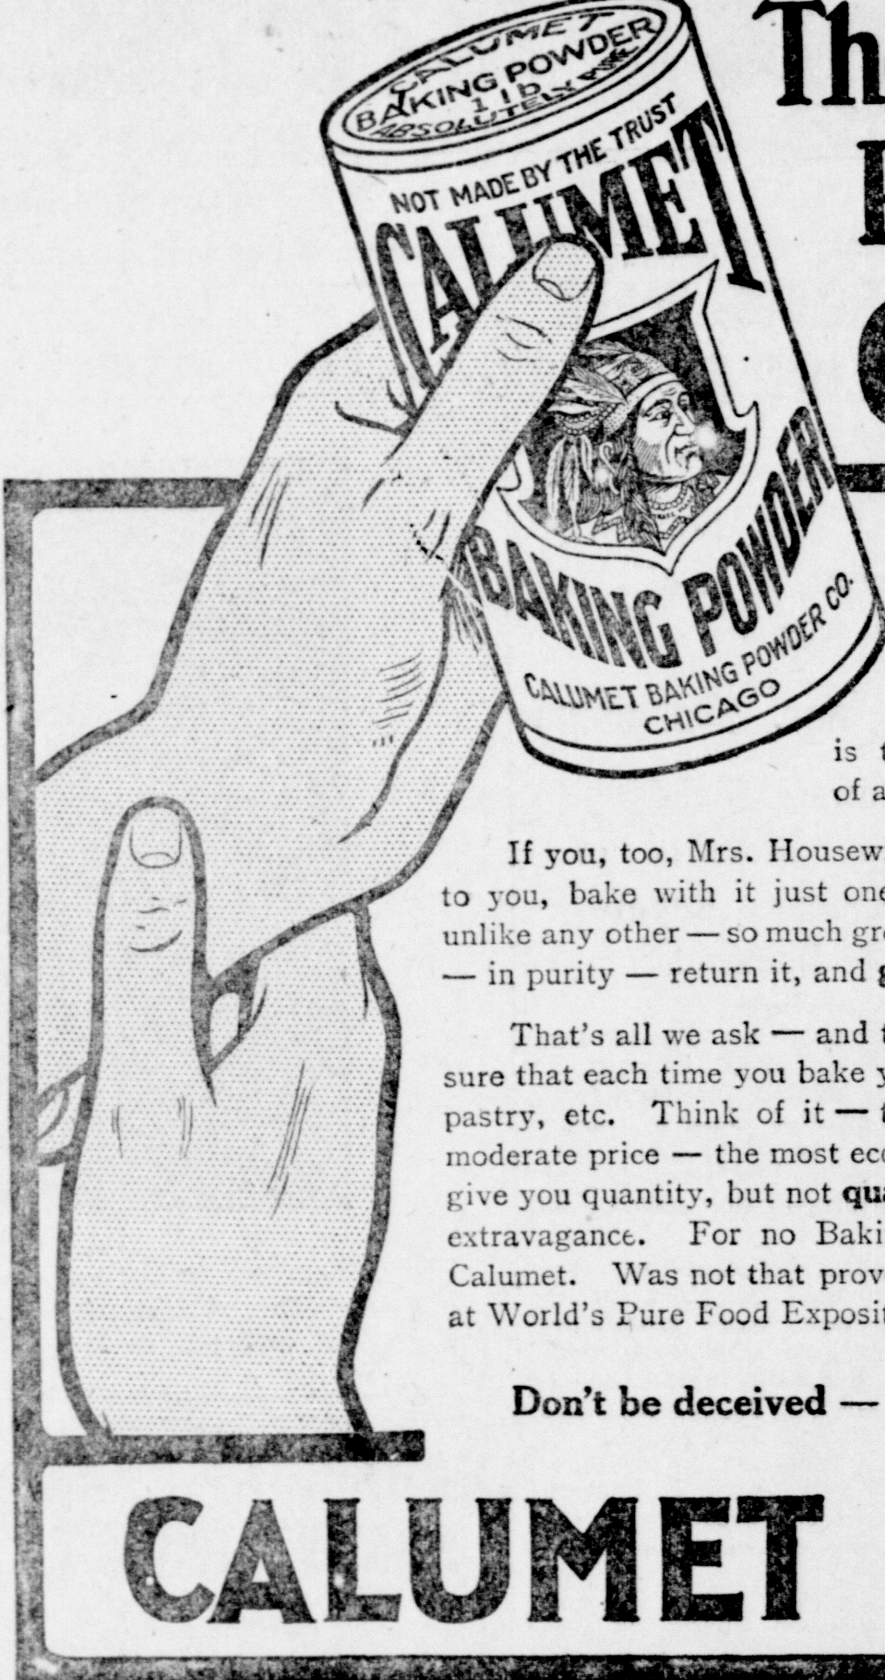

JAMES A. BLITTON.

Brooks Rupture Appliance Co., Marshall, Mich.

Gentlemen:—I feel it my duty to let you, and also all people afflicted as I was, know what your Appliance has done for me. I have been ruptured for many years and have worn many different trusses, but never gained any relief until I got your Appliance. I put it on last November, but had very little faith in it, but must say I am now cured. I have laid it away—have had it off for two weeks and doing all kinds of farm work with ease. While I was wearing it, I had

The Great Public Pulse Says: CALUMET

It says "Calumet" — For the critical housewives of America have found that Calumet Baking Powder makes the most appetizing, light, wholesome food — that Calumet is the most economical and dependable of all Baking Powders.

If you, too, Mrs. Housewife, want to learn what Calumet means to you, bake with it just one batch of biscuits. If you don't find it unlike any other — so much greater in leavening power — in uniformity — in purity — return it, and get your money back.

That's all we ask — and think what it means to you to always be sure that each time you bake you will have the most tempting biscuits, pastry, etc. Think of it — the highest quality Baking Powder at a moderate price — the most economical in use. Cheap big can kinds give you quantity, but not quality. High-priced trust brands mean extravagance. For no Baking Powder can be equal in quality to Calumet. Was not that proven when it received the Highest Award at World's Pure Food Exposition?

Don't be deceived — ask for Calumet — and get it.

Strong Healthy Women

If a woman is strong and healthy in a womanly way; motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvellous merits.

It makes Weak Women Strong. It makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drug. Is a pure glyceric extract of healing, native American roots.

Quips and Cranks and Wanton Wiles

At the Lunch Counter
Said a bald-headed man to a waitress bold:
"See here, young woman, my cocoa's cold!"
She scornfully answered: "I can't help that,
If the blamed thing's chilly, put on your hat!"

A Pointed Reply
The lawyer for the prosecution had finished his closing argument, and the judge, a pompous and long-winded individual, was charging the jury.

He was in the midst of an unusually long and tedious address when he suddenly noticed that one of the jurymen had fallen asleep. The indignation of his honor was boundless. Rapping sharply on his desk he awakened the slumberer, who seemed not at all abashed at being thus caught napping. After glaring at him angrily for a few moments the magistrate in his most sarcastic tone said:

"So that's the way you attend to your duty, is it? You're a fine specimen to have on a jury. Do you think your opinion will be of any value when I send you out to determine the fate of this prisoner?"

"Yes, sir," said the jurymen quietly. "I think so."

"Oh, you do, do you?" shouted the exasperated judge. "Pray, tell me, sir, how long have you been sleeping?"

"I don't know, your honor," was the reply. "How long have you been talking?"—Louisiana Journal.

The Loved and Lost
A bachelor shouldn't feel sad as he sits before his evening fire and thinks of the beautiful girl that was. So many more bachelors have no girl that was!—Lippincott's Magazine.

A Woman's Reasoning
"I suppose," she said with a heart-felt sigh, "there will be no cooks or maids to worry us when we get to heaven."

"No," her husband replied, "and no dressmakers or beauty shops or millinery establishments or—"

"Why, John, what are you thinking of? I've never seen a picture of an angel that didn't have on a robe of some kind, and, of course, every woman will need lots of feathers for her wings, won't she? Doesn't the Bible tell us to lay up treasures in heaven. Why would we need to do that if it wasn't going to be necessary to dress there?"—Chicago Record-Herald.

Some Vocabulary
"Did you learn any French while you were in Paris?" asked Bilal, meeting Slithers shortly after his return from Europe.

"Oh, a little," said Slithers, "not so very much, though. I got so I could say cigarette in French."

"Good!" said Bilal. "What is cigarette in French?"

"Cigarette," said Slithers.—Harper's Weekly.

Any Port in a Storm
In a southern seaport town there is a wealthy but illiterate man, who owns many vessels and follows their course over the seas by the aid of a large atlas and a ten horse power magnifying glass.

"I've just had a letter," he said to a neighbor, "from one of my captains, and he tells me he's been in a fearful storm. I'll read you from his letter what puzzles me. He says:

"The waves rose like mountains. We were driven before the wind, to the danger of our lives, and put into great jeopardy."

"What I want to know," said the ship owner, "is, where is Great Jeopardy? It's some where in the Mediterranean, but I can't find it on this map anywhere."—M. A. P.

A Plea Rejected
"I made a mistake," said plodding Pete. "I told that man up the road I needed a little help 'cause I was lookin' for me family from whom I had been separated four years."

"Didn't that make him come across?"

"He couldn't see it. He said that he didn't know my family, but he wasn't goin' to help in bringin' any such trouble on 'em."

Easy
"Patrick, the widow Maloney tells me that you stole one of her finest pigs. Is it correct?"

"Yes, your reverence."

"What have you done with it?"

"Killed it and ate it your reverence."

"Oh, Patrick, Patrick! When you are brought face to face with the widow and the pig, on the great judgment day, what account will you be able to give of yourself when the widow accuses you of stealing?"

"Did you say the pig would be there, your reverence?"

"To be sure I did."

"Well, then, your reverence, I'd say, 'Mrs. Maloney, there's your pig.'"—Baltimore and Richmond Christian Advocate.

HOUSE-KEEPERS IN LA CROSSE PLEASED

Every cook in La Crosse is delighted with the rich, nut-like flavor of "Minnesota" macaroni and spaghetti. Even people who never liked these foods, say they could eat "Minnesota" macaroni every day.

Good macaroni and spaghetti are easily digested and they are always appetizing because they can be prepared in so many different ways. They are fine for children—making their bodies strong and healthy, and they give grown people the power of endurance without overtaxing the stomach.

But if you want that rich, nut-like flavor be sure and get the delicious "Minnesota" brand macaroni or spaghetti—made from the finest Northern Durum wheat, with all the nourishing Gluten left in. It is easily digested and never gets soggy. All good La Crosse grocers sell it.

PARK WORK STOPS WHEN NEAR END

Although but three days more of work will be sufficient to finish the river front park so far as the La Crosse Dredging company is concerned, the sudden cold snap of the last few days makes it possible that the company will not complete its work on the park until spring.

The dredge at present is frozen in the ice in Black river. The directors of the company are hoping for a thaw which will enable them to bring the dredge back to its former position in the mouth of the La Crosse river. Captain Thompson, head of the dredging company, declared yesterday that the ice was not so thick in the river as on the two previous days, and he has hopes of completing the work this year. His opinion is that the cold spell is only temporary.

The PRODIGAL JUDGE

The Famous Novel by VAUGHAN KESTER

Copyright, 1911, The Bobbs-Merrill Company

"You have known many men of all classes as a lawyer and a planter?" said the judge. Fentress inclined his head. The judge took a step nearer him. "People have a great trick of coming and going in these western states—all sorts of damned riffraff drift in and out of these new lands." A deadly earnestness lifted the judge's words above mere rudeness. Fentress, cold and distant, made no reply. "For the past twenty years I have been looking for a man by the name of Gatewood—David Gatewood." Disciplined as he was, the colonel started violently. "Ever heard of him, Fentress?" demanded the judge with a savage scowl.

"What's all this to me?" The words came with a gasp from Fentress' twitching lips. The judge looked at him moody and frowning.

"I have reason to think this man Gatewood came to west Tennessee," he said.

"If so, I have never heard of him."

"Perhaps not under that name—at any rate, you are going to hear of him now. This man Gatewood, who between ourselves was a damned scoundrel!"—the colonel winced—"this man Gatewood had a friend who threw money and business in his way—a planter he was, same as Gatewood. A sort of partnership existed between the pair. It proved an expensive enterprise for Gatewood's friend, since he came to trust the damned scoundrel more and more as time passed—even large sums of his money were in Gatewood's hands." Fentress' countenance was like stone, as expressionless and as rigid.

By the door stood Mahaffy with Yancy and Cavendish; they understood that what was obscure and meaningless to these two men, the judge's heavy face, ordinarily battered and debauched, but infinitely good-natured, bore now the markings of deep passion, and the voice that rumbled forth from his capacious chest came to their ears like distant thunder.

"This friend of Gatewood's had a wife—the judge's voice broke, emotion shook him like a leaf; he was tearing open his wounds. He reached over and poured himself a drink, sucking it down with greedy lips. "There was a wife—"

"There was a wife, Fentress—"

"He fixed Fentress with his blazing eyes. "A wife and child. Well, one day Gatewood and the wife were missing. Under the circumstances Gatewood's friend was well rid of the pair—he should have been grateful, but he wasn't, for his wife took his child, a daughter; and Gatewood a trifle of thirty thousand dollars his friend had entrusted to him."

"You know who he is and where he is. Your business relations with this man Ware have put you on the track of the Quintard lands in this state. You intend to use the boy to gather them in."

"You're mad!" repeated Fentress. "Unless you bring him to me inside of twenty-four hours I'll smash you!" roared the judge. "You name him! Fentress, it's Gatewood; you've stolen the name of Fentress, just as you have stolen other things. What's come of Turberville's wife and child? What's come of Turberville's money? Damn your soul! I want my grandson! I'll pull you down and leave you stripped and bare! I'll tell the world the false friend you've been—the thief you are! I'll strip you and turn you out of these doors as naked as when you entered the world!" The judge seemed to tower above Fentress; the man had shot up out of his deep debasement. "Choose! Choose!" he chundered, his shaggy brows bent in a menacing frown.

"I know nothing about the boy," said Fentress slowly.

"By God, you lie!" stormed the judge.

"I know nothing about the boy," and Fentress took a step toward the door.

"Stay where you are!" commanded the judge. "If you attempt to leave this room to call your niggers I'll kill you on its threshold!"

But Yancy and Cavendish had stepped to the door with an intention that was evident, and Fentress' thin face cast itself in haggard lines. He was feeling the judge's terrible capacity, his unexpected ability to deal with a supreme situation. Even Mahaffy gazed at his friend in wonder. He had only seen him spend himself on trifles, with no further object than the next meal or the next drink; he had believed that as he knew him so he had always been, lax and loose of tongue and deed, a noisy tavern hero, but now he saw that he was filling what must have been the measure of his manhood.

A VALUABLE SUGGESTION

IMPORTANT TO EVERYONE

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, salivary complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound is a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention the La Crosse Daily Tribune.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

WHAT A GRAND JURY IS AND WHAT IT DOES

A lot of perfectly good people as well as all perfectly bad people have a horror of a grand jury, and that is bad.

It's all right, in the main, for black sheep to fear a grand jury, but it is too bad that innocent souls should share this terror.

The "chamber of horrors" idea with which the grand jury is too generally regarded is probably due to the fact that comparatively few people understand what a grand jury is, what its purposes, its scope, its powers and its advantages.

A grand jury in this state is composed of seventeen men, "good and true," drawn in a manner to insure their impartiality and good citizenship.

These men are not only sworn to try the issues before them without fear or favor and to decide according to the evidence whether persons shall be brought to trial, but they are also SWORN TO SECRECY.

You see, there is apt to be more or less matter that is gossip, or scandal not amounting to a public crime, divulged by witnesses, and in

order that there may be that informal freedom calculated to bring out all the facts such evidence is taken when it seems likely to throw light upon conditions out of which material evidence may proceed.

But the state is not a scandal-monger, and in order to make sure that stories, true or false, of the indiscretions of citizens may not be "peddled," THE LAW MAKES IT A CRIME FOR A GRAND JUROR TO DIVULGE A SINGLE WORD HE HEARD IN THE JURY ROOM, AND IMPOSES A PENALTY OF FROM ONE TO FIVE YEARS IN THE PENITENTIARY FOR SO DOING.

When the grand jury is impelled the judge outlines its duties and the jurors retire to the jury room. Other than the witnesses, only the prosecuting attorney is permitted to hear their deliberations, private counsel not being permitted to appear. Thus the secrecy of the jury room is guarded religiously.

The members of the grand jury, as well as the state's attorney, can ask questions, and the jury has the power of a court to compel attendance and testimony of witnesses.

The witnesses ARE BOUND BY THE PERJURY LAWS AS IN A COURT.

Now let us see how this works out. Witnesses are called one at a time. No witness knows what the witnesses who have preceded him have sworn to. He knows that the perjury penalty is a prison term. He is afraid to lie, BECAUSE IF OTHER WITNESSES HAVE TOLD THE TRUTH HIS LIE WILL BE DETECT

COMPLETE NEWS OF NORTH SIDE

ULCERATED TOOTH CAUSE OF DEATH

Edward Egan Victim of Common Complaint, and End Comes at 1:30 This Morning

HE SUFFERED THREE MONTHS But Case Was Considered Seriously Only During the Last Five Weeks

An ulcerated tooth is given as the cause of the death of Edward Egan, 37, a well known north side resident, who died at the home of his mother, 1606 Wood street at 1:30 o'clock this morning. Egan had been suffering with the swelling about the tooth for three months, returning home from the west that long ago. While the tooth at times caused him considerable pain and the services of a dentist were needed at times, it was never a possibility of the ulceration resulting fatally and was never entertained. Five weeks ago, however, the swelling grew larger and the pain increased and he was confined to his home and death followed this morning. Mr. Egan is survived by a mother, who resides here, and eight brothers and sisters. Most of the brothers and sisters are residing in various parts of the west. The funeral arrangements will be announced later.

Our patrons find that D. D. D. not only gives instant relief to the itching, burning skin, quickly driving out all the disease germs, but it is also the most delightful wash for the complexion they ever used. Absolutely harmless, and pleasant to use, D. D. D. cleanses the skin of all minor impurities, such as rashes and pimples, over night, and leaves the skin clear and smooth as that of a child.

It is now generally known that there is nothing that can equal D. D. D. as a household remedy for all skin troubles, no matter what they are. We, ourselves, are so fully convinced of the merits of this wonderful remedy that we will charge you nothing if the first full size bottle of D. D. D. does not make good every claim. Better drop in and talk it over with us anyhow. Hoeschler Bros.

EQUAL SUFFRAGE TO BE CLUB SUBJECT

SCOTT-ROSE CO. REMODELS STORE

Every Inch of Space in the Big Building Now in Use; More Room Is Needed

When the contemplated improvements, which will convert the entire second floor, including that part which is now used for office purposes, have been completed, the Scott-Rose company will be utilizing every inch of space in the entire building for their stock and they will have one of the most complete and up-to-date stores in the city. To afford room and accommodation for their ever increasing business, the Scott-Rose company has decided to do remodeling which will do away with the offices located on the second floor of the building and give them this additional room to display stock.

In order to make these improvements, which will be begun within about a week, according to present indications, the stairs leading up from the sidewalk will be removed and placed inside the store. This will give the company an opportunity to extend the windows over the space which was formerly taken up by the stairway. On the second floor, when the remodeling has been completed, a cloak and suit and millinery department will be installed.

The Scott-Rose company plans to have the improvements on the second floor completed early in December, immediately after which a Christmas bazaar will be held, when all manner of holiday goods will be placed on exhibition. This will be done at an early date in order to accommodate Christmas shoppers and to prevent the holiday rush. Draperies and lace curtains will still be on exhibition on the third floor, but a department of rugs and all kinds of floor coverings will be added. It is planned to have a cloak and suit bazaar about Jan. 1. When these improvements have been completed, the company will be occupying the basement, first, second and third floors, the entire building.

ITALIAN TROOPS ARE HARASSED BY TURKS

LONDON, Nov. 16.—Practical confirmation of the declaration that the Italian forces at Tripoli are in a serious position has been received here in a statement that instead of attempting to push their lines further out into the desert, the Italians are increasing the strength of their fortifications close to the city and are content to hold what they have. The constant attacks of the Turks and Arabs have so harassed the Italians that the forward movement has been abandoned.

IF drinking coffee or tea results in a feeling of nervousness and irritability, you may depend upon it that caffeine—the drug in the coffee and tea—is getting in its "back licks"—the reaction from the drug.

Common sense would suggest stopping the cause—coffee and tea—short off.

The change is easy if you have well-made

QUIT COFFEE AND TEA What the Great German Specialist Says.

It disappoints some people to be told that coffee and tea cause disease. But it is best to look squarely at facts and set the face towards health, for that's more fun than anything else anyhow. A Cincinnati man consulted a Berlin physician on nervous diseases and says:

"Four years ago I was an habitual coffee drinker having used it for 25 years and being naturally of a nervous temperament I became almost a nervous wreck, greatly suffering from insomnia, almost constantly constipated and weighing only 128 pounds.

"I consulted physicians and took medicine all the time but had no relief. About three and a half years ago I went abroad and while in Berlin heard frequently of a great physician, Prof. Mendel, an authority on nervous trouble, so I resolved to consult him.

"Prof. Mendel surprised me very much by asking at once if I was a coffee drinker and on my telling him I used it two or three times a day he said, 'It is poison.' After carefully examining me he told me there was nothing the matter with me whatever but what could be entirely cured in 30 days by letting coffee and other stimulants alone and dieting.

"I had a hard time following his advice. I did not know what to do until I came home and told my wife who got some Postum. We tried it but at first did not like it; then we went over the directions on the package together and found we had not boiled it long enough.

"That was the beginning of the end of my trouble, for the Postum was delicious after that and I drank it regularly and it helped from the start.

"In a very short time I began to feel much better and in the last three years I haven't been absent from business one hour on account of ill health, for my health is fine now. I have a good appetite, sleep well and weigh 175 pounds."

Any nervous person who drinks coffee or tea will feel better from a 10 days' change to Postum. Trial easily proves this.

Use of Attar of Roses.
More than \$50,000 worth of attar of
roses is brought into this country
every year. The best is from roses
grown near Constantinople. Not only
does this bring a higher price than
the product of the Bulgarian rose
fields, but its superiority is recog-
nized by a separate classification in
the trade. Where does the \$50,000
worth of this attar of roses go? Some
of it is "base" for other perfumes,
and some of it where few suspect—
to the manufacturers of smoking and
chewing tobacco.

at his office in La Crosse, Wis.,
Dec. 9, 1911, at 9 a. m., judg-
ment will be rendered against you

debt.

Dated at La Crosse, Wis., Nov.

CHARLES ROEPKE,
Plaintiff.

What Nothing Is.
If any man thinks that he can con-
ceive well enough how there should
be nothing, I will engage that what
he means by nothing is as much
something as anything he ever thought
of in his life; and I believe that if
he knew what nothing was, it would
be intuitively evident to him that it
could not be. Absolute nothing is the
aggregate of all the contradictions in
the world.—Jonathan Edwards.

The Quickest Cough Cure—
Cheap, But Unequaled

A Whole Pint of It for 50c. Saves You
\$2. Does the Work Quickly or
Money Refunded.

For quick and positive results, the pint
of cough syrup that you make with a 50-
cent bottle of Pinex cannot be equalled.
It takes hold instantly and will usually
stop the most obstinate deep-seated cough
inside of 24 hours. Even croup and
whooping cough yield to it quickly.

The user of Pinex mixes it with home-
made sugar syrup. This gives you a full
pint—a family supply—of better cough
remedy than you could buy ready mixed
for \$2.50. Easily prepared in 5 minutes
full directions in package.

Pinex soothes and heals the inflamed
membranes with remarkable rapidity. It
stimulates the appetite, is slightly laxa-
tive, and tastes good—children like it.
Excellent for hoarseness, asthma, bron-
chitis, and other throat troubles, and has
a wonderful record in cases of incipient
lung trouble.

Pinex is a special and highly concen-
trated compound of Norway White Pine
extract, rich in quinic acid and other nat-
ural healing pine elements. Simply mix
with sugar syrup or strained honey, in a
pint bottle, and it is ready for use. Used
in more homes in the U. S. and Canada
than any other cough remedy.

Pinex has often been imitated, but
never successfully for nothing else will
produce the same results. The genuine is
guaranteed to give absolute satisfaction
or money refunded. Certificate of guar-
antee is wrapped in each package. Your
druggist has Pinex or will gladly get it
for you. If not, send to The Pinex Co.,
St. Wayne, Ind.

MISS HELEN MILLER MARRIED

Miss Helen J. Miller, daughter of
Mr. and Mrs. August Miller of 1145
State street, and Mr. Archibald F.
McFarland of San Antonio, Texas,
were quietly married this morning at
the home of the bride in the presence
of relatives and immediate friends.
Rev. Julius Gamm of the German
Lutheran church performed the cere-
mony, the bride couple and attend-
ants standing in the embrasure of the
parlor bay window, the background
being banked with palms, boxwood
trees and smilax. A white enameled
railing and newel posts entwined with
garlands of smilax carried out the
idea of an Italian garden.

Miss Clara Dorothy Miller, sister
of the bride, was maid of honor, and
Mr. Malcolm McGregor of San An-
tonio, Texas, was best man. The
bridal gown was of yellow satin en-
train with tulle of the same trimmed
with ducasse lace and bands of opa-
lescent embroidery. Her only orna-
ment was a handsome diamond neck-
lace, the gift of the bridegroom. The
maid of honor's gown was cream em-
broidered marquisette over chiffon.
The floral decorations were in the
hands of Mr. C. E. Schaefer, who with
artistic taste transformed the rooms
into bowers of loveliness. A wedding
breakfast was served immediately after
congratulations. The bridal table
was yellow, chrysanthemums be-
ing used with great effect. Chrys-
anthemums were also used in various
places in the room. In the dining
room dark red chrysanthemums were
used upon the table and in vases
upon the mantle. Mr. and Mrs. Mc-
Farland left this noon for the east
for a trip, after which they will go
to San Antonio, where they will re-
side. The bride is La Crosse born
and has lived in the city all of her
life, where she has always been popu-
lar both in church work and society.
The bridegroom is traffic manager
of the Southern Truck Growers' as-
sociation and also vice president of
the San Antonio Transfer and Taxi-
cab company.

CHILDREN'S PARTY
Little Louise Schroeder gave a party
last evening in honor of her cousin,
Harriet O'Connor, who is going
to Montana to live. The table was
decorated with candles. The guest
of honor found in her cake a tiny doll
which greatly amused the other
guests. Games were played and a
good time generally enjoyed. Those
present were Edna Rybold, Pearl
Newman, Lona Trepte, Edith John-
son, Bertha Sluech, Marion and Ag-
nes Jehlen, Frances and Kenneth
O'Connor, Mildred and Harold
Schroeder.

FOUND PARTY
The Good Samaritans held a pound
sociable yesterday afternoon at the
Home for the Friendless. Many ar-
ticles were donated which will help
out in the winter's store of clothing
and provisions. The ladies spent the
afternoon in sewing, making bedding
and clothing.

Mrs. David Austin, who was instru-
mental in collecting a supply of cloth-
ing and a sum of money for the Black
River Falls sufferers has received a
letter from the committee in charge
there expressing their thanks to the
good people of La Crosse for their
valuable help in their great distress.

Mrs. Austin will soon send another
small box there as many have sent
word that they would like to con-
tribute some articles.

AFTERNOON TEA
Mrs. A. Engaas, 1202 West avenue
south, entertained at a tea Tuesday
afternoon in honor of Mrs. C. M.
O'Connor, who is soon to leave for
Billings, Mont., where she will make
her future home. Those present were:
Mrs. V. M. O'Connor, Mrs. H. F.
Runge, Mrs. L. Schroeder, Mrs. Frank
Chamberlain, Mrs. Snow and Mrs.
M. Chamberlain.

CARD PARTY
The Rebekahs will give a card
party at Odd Fellows' hall on Fri-
day afternoon.

HARD TO PAY THE TAXES
French Deputy Runs Afoul of Red
Tape When He Tries to Get
on Tax Roll.

Jean Javal, who was elected deputy
of the Sens division of the Yonne de-
partment in France in 1910, bought a
house in Sens just after the election.
Discovering a few days ago that he
had never paid any taxes on the prop-
erty he looked up the list and found
that his name had never been placed
there.

As no self-respecting socialist-radical
republican deputy would care to
avoid such an obligation, and not for-
getting the weapon non-payment of
taxes would give to his opponents in
a future election, M. Javal wrote to
the authorities asking to be inscribed
on the list.

The letter was returned with the no-
tification that his request could not be
considered unless it was sent in on
stamped paper, with a 60 centime (10-
cent) stamp.

he doesn't mean any harm.

How Is Your Weight?

While it is true that too much
weight is not to be desired yet the
fact remains that many men and
women are thin to the point of
danger. This danger lies in their
having no reserve force or nerve
power to combat deadly diseases. A
little extra flesh is needed by all
to feel well and to look well, and
this calls up the question of how
best to increase the weight. Physi-
cians and chemists, by experi-
ments have solved the problem of
increasing the white and red cor-
puscles of the blood, by the admin-
istration of 3 grain hypo-nuclene
tablets, and this is always followed
by an increase of weight. Obtain
in sealed packages, and take for a
period of several months according
to directions with package.

Rubber Made From Beans.
It has taken the Germans to use
beans for making rubber. The process
has just been patented. It consists
in extracting a thick oil from the soya
bean, treating this with nitric acid,
and then heating the material to a
given temperature, whereupon it be-
comes viscid and tough like crude rub-
ber. It can then be vulcanized by
the addition of sulphur the same as
vegetable rubber, and used for the
same purposes.

LABOR TO URGE LA FOLLETTE BILL

Convention of Federation
to Petition Congress to
Pass Compensation
Law

ATLANTA, Ga., Nov. 16.—The
American Federation of Labor in
annual convention today, decided to
urge congress to pass a workmen's
compensation giving a minimum of
five years wages to employees killed
in service.

A resolution, which is believed
certain of adoption, will urge the
passage of the La Follette bill
which would give free speech to
government clerks. The measure
would abrogate the executive order
issued by Roosevelt and maintain-
ed by Taft which prohibits the em-
ployees of the government from tak-
ing any part in any effort for legis-
lation without the specific permis-
sions of the heads of their depart-
ments.

The United Mine Workers today
introduced a resolution condemning
the national civic federation and
requesting all members of the Amer-
ican Federation of Labor to sever
their connections with the civic fed-
eration. This, it is expected, will
precipitate a fight and may result
in an effort to prevent the re-elec-
tion of President Comper.

Reports reviewing labor condi-
tions in various foreign countries
and plans for the extension of the
federation were received.

This afternoon the delegates at-
tended an old-fashioned barbecue
and afterward went to the aviation
meet.

EAGLES CELEBRATE

LOCAL AERIE HAS PARTY ON
SIXTH ANNIVERSARY; CLUB
ROOMS REMODELED AND
REFITTED

Fifteen new members were initi-
ated into the order, and thirty-five ap-
plications for membership were acted
upon, at the sixth anniversary cele-
bration of the local aerie of the
Eagles, which took place at their
club rooms, 417 Jay street, last
night.

The meeting last night, which
celebrated the birthday of the or-
ganization locally, is the first regu-
lar meeting that has been held since
the fitting up of the new club rooms
was completed.

The lodge now has a set of four
rooms on the second floor of the
building, with a hall for meetings on
the floor above. Two of the rooms
are for the use of those members of
the club wishing to play cards. The
front room, the largest of the suite,
is the billiard room and lounge.
The fourth room is devoted to the
purpose of a buffet. The Eagles have
recently installed a new ice box and
the other fittings belonging to a room
of this character.

After the celebration last night, the
initiation of the new candidates, the
evening was spent in a social way.
A light lunch and refreshments were
served.

CHINESE REBELS CAPTURE THE NAVY

TOKIO, Nov. 16.—According to
official messages received by the Ja-
nese admiralty today, the entire
Chinese navy has surrendered to the
revolutionists and the imperial gov-
ernment is now without a war ves-
sel worthy of the name.

The naval surrender is regarded
as the greatest blow that has been
struck the Manchu dynasty, as it
will place in the hands of the revo-
lutionists' power to sweep the great
rivers of China and to transport
troops along the waterways without
danger.

The revolutionary governor of
Chin Kiang last night tendered a
formal banquet to the 150 officers
of the fleet who surrendered and
who swore allegiance to the newly
formed republic.

BRYAN BOOMS GOVERNOR FOSS

Says Election in Massachu-
setts on Radical Platform
Makes Him Presiden-
tial Timber

LINCOLN, Neb., Nov. 16.—Praise
of Governor Foss as a presidential
possibility and criticism of Harmon
and Underwood, feature the first
page of Bryan's editorial comment in
today's issue of the Commoner. Of
Foss, Bryan says:

"The re-election of Governor Foss
in Massachusetts on a radical plat-
form, advances his stock in the presi-
dential market. He was elected a year
ago and is now re-elected on a plat-
form that leaves no doubt as to his
positive and aggressive stand for
remedial legislation. If you are a
progressive democrat, read the Mas-
sachusetts platform and the election
returns and then ask yourself:
"What's the matter with Foss?"

Concerning Harmon, Bryan de-
clares the Ohio governor's strength
is shifting to Underwood. As to the
latter, Bryan says:

"His nomination would, however,
be unfortunate to the south, for his
defeat would be wrongfully charged
to his location instead of being
charged, as it should be, to the fact
that he is not in harmony with the
progressive spirit of the day.

"If any democrat has expected to
carry the east with a plutocratic de-
mocrat, he might as well give up the
idea. There is no possible chance of
the democrats getting the Wall street
support. If they will, they must win
with the aid of the progressive repub-
licans, and they cannot hope for that
unless their candidate is a man about
whose progressiveness there is no
doubt.

"Let the democrats from now on,
demand a platform and ticket in har-
mony with the progressive sentiment
of the country."

DOES LAW FOR POOR APPLY FOR RICH? NOT IN PACKERS' CASE

(Continued from Page One)

—set for Monday—had been begun.
In this way, the appeal would go to
the highest court in connection with
the appeal in the case proper.

Senator Kenyon of Iowa, former
"trust buster" for the administration,
and at one time Attorney General
Wickersham's chief instigator in the
packing prosecution, left his
place in the committee room of the
Lorimer investigating committee to
sit with District Attorney James H.
Wilkerson and Special Attorney
James Stehman of the government
counsel, and lend his aid in the gov-
ernment fight.

While the United States govern-
ment through more than eight long
years of litigation, has sought to
prosecute the packing trust for con-
spiracy in restraint of trade, the re-
tail price of meat—that paid by the
consumer—has steadily risen.

Prices Continue to Climb
The following comparisons were
compiled today by a big retail
butcher:

Prices per pound:
Choice beef cuts, 1903, 16 to 20c;
1911, 22 to 28c.
Steaks, 1903, 16 to 18c; 1911, 22
to 25c.
Choice cuts of pork, 1903, 10c;
1911, 20c.
Lamb chops, 1903, 16c; 1911, 20c.
Pork chops, 1903, 12c; 1911, 20c.
Bacon, 1903, 16 to 19c; 1911, 28
to 30c.
Ham, 1903, 10 to 14c; 1911, 24 to
28c.
Beef liver, 1903, 5c; 1911, 10c.
Veal, 1903, 18 to 20c; 1911, 25 to
28c.
Eggs, 1903, 12 to 14c; 1911, 38c.
Poultry, 1903, 12 to 15c; 1911, 14
to 18c.

U. S. District Attorney James H.
Wilkerson today demanded that the
writ of habeas corpus which the
jurist granted to the nine packers on
Tuesday be quashed on the ground
that the defendants in attempting to
set up one more legal obstacle to
the culmination of nearly nine years
of efforts on the part of the depart-
ment of justice—to bring them to
trial for criminal conspiracy under
the Sherman law—had not complied
with the regular form of procedure.
Affidavits showing that the de-
fendants had surrendered to the
marshal, and not in open court, as
the practice requires, were attach-
ed.

In his argument Attorney Sheehan
sprang the government's surprise in
the case. It was the contention that
the nine defendants had never been
arrested. Holding that the defend-
ants were never actually in custody
of the United States officers, Shee-
han contended that no habeas corpus
could possibly issue.

SALOON CASE TO BE UP WEDNESDAY

The case of the state and Thomas
Gibson vs. Olaf Larson, charged with
opening a saloon at 801 Rose street,
was continued until Wednesday. Ac-
cording to an ordinance of the city
a saloon can not be opened in a
building not previously used for
that purpose. The plaintiff declares
that the building was standing idle
for some time previous to its being
converted to its present use.

GIRL VICTIM OF SLAVERS

lieve that Miss Aini Touminen, a 19-
year-old Finnish girl, whose body
was found in a Lincoln park lagoon
today, after the girl had been miss-
ing for a year, was the victim of
white slavers. Finnish societies raised
\$500 today to prosecute a search
for her captors and murderers.

they will be so bless-

If you are one

Tactik. A tablet or two in a basin of
warm water when you get home at night—
and you will fall asleep without the stab-
bing pains in your feet. Another bath like
this in the morning just after you get up
—and your feet will be fortified against the
hard work ahead during the day. Thou-
sands of people, all over the country, are
now regular users of Tactik because Tactik
has taught them the joy of painless
feet. Rev. Stephen A. Wittlin, of St.
Joseph's parish, Pawans, Mich., says:
"After having vainly used various
remedies for foot troubles, to which the
undisputed subject, I have at last
found a most effective cure in Tactik. I
can therefore recommend it very highly
to all who suffer from these afflictions.

SPEECH ANGRERS McNAMARA JUDGE

Delay in Trial Called a
Crime; Will Hold Night
Sessions to Hasten
Jury

LOS ANGELES, Cal., Nov. 16.—
Angered because of the severe criticism
by Judge Albert G. Burnett of the
California appellate court, who in
an address to the State Bar asso-
ciation characterized the delay in
getting a McNamara jury as a crime,
Judge Bordwell made it very plain
to both sides today that the dilatory
tactics must end. He will permit no
further lengthy arguments on points
of law, but will compel attorneys to
submit briefs and authorities and if
arguments are necessary at all will
hear them outside the regular court
hours.

He is also considering the advan-
tage of holding night sessions in
order to expedite the trial.

General Otis' action yesterday af-
ternoon in dedicating a monument to
the victims of the disaster has com-
plicated the situation. Attorney Dar-
row appeared in court today with a
copy of the Times containing a pic-
ture of the monument on which is
inscribed in big letters:

"Our Martyred Men and Murdered
Victims of a Dynamite Fire, the
Crime of the Century."

It also contained Rev. Robert J.
Burdette's latest remarks in which
he declared the victims "died for a
cause," and that "the crime was com-
mitted by the red hand of anarchy,"
also that the victims lost their lives
in the "cause of industrial freedom."

Burdette's appeal to God to "mete
out His judgment and His justice,"
was also interlined in the papers
Darrow carried and he openly declared
that he would hereafter ask men
who say they are readers of the
Times, whether they read this in to-
day's paper. He will argue that, if
they did, they are disqualified from
serving as jurors in this case.

Darrow immediately proceeded to
try to disqualify J. A. Ross, a Pasadena
painter.

However, Deputy District Attorney
Horton planned to hold Ross, by get-
ting him to admit he could and
would, if sworn as a juror, lay aside
all prejudices and try McNamara
solely on the law and evidence.

If Ross is finally seated by the
court, this will fill the box and then
the exercising of peremptory chal-
lenges will be resumed.

ROOSEVELT PENS A HOT EDITORIAL ON BIG BUSINESS

(Continued from Page One)

The situation, and that during the ten
years which include the acquisition
of these properties by the Steel cor-
poration, the percentage of total out-
put of steel manufacturers by the
Steel corporation has shrunk from
nearly 66 per cent to a trifle over 54
per cent.

Law Not Adequate

"It is evident that the anti-trust
law is not adequate to meet the sit-
uation that has grown up because of
modern business and the accompa-
nying tremendous increase in the busi-
ness use of vast quantities of corpo-
rate wealth.

"It is a vitally necessary thing to
have the persons in control of big
trusts of the character of the Stan-
dard Oil trust and the Tobacco trust
taught that they are under the law,
just as it was necessary to have the
Sugar trust taught the same lesson
in drastic fashion by Mr. Henry L.
Stimson, when he was United States
district attorney in the city of New
York. But to attempt to meet the
whole problem, not by administrative
governmental action, but by a suc-
cession of law suits is hopeless from
the standpoint of working out a per-
manently satisfactory solution. More-
over, the results sought to be achiev-
ed only in extremely insufficient and
fragmentary measure by breaking up
all big corporations, whether they
have behaved well or ill, into a num-
ber of little corporations which it is
perfectly certain will be largely, and
perhaps altogether, under the same
control. Such action is harsh and
mischievous if the corporation is
guilty of nothing except its size; and
where, as in the case of the Standard
Oil, and especially the Tobacco trust,
the corporation has been guilty of im-
moral and anti-social practices, there
is need for far more drastic and thor-
ough-going action than any that has
been taken, under the recent decree
of the supreme court.

Trust Merely Changes Clothes

In the case of the Tobacco trust,
for instance, the settlement in the
circuit court, in which the representa-
tives of the government seem in-
clined to concur, practically leaves all
the companies still substantially un-
der the control of the twenty-nine
original defendants. Such a result is
lamentable from the standpoint of
justice. The decision of the circuit
court, if allowed to stand, means that
the Tobacco trust has merely been
obliged to change its clothes, that
none of the real offenders have re-
ceived any punishment, while, as the
New York Times, a pro-trust paper,
says, the Tobacco concerns, in their
new clothes, are in possession of "ease
and luxury" and "immune from pro-
secution under the law."

"Surely, miscarriage of justice is
not too strong a term to apply to
such a result when considered in
connection with what the supreme
court said of this trust. A trust guilty
of such conduct should be abso-
lutely disbanded, and the only way
to avoid the repetition of such con-
duct is by strict government super-
vision, and not merely by law suits.

Not to Strangle Business

"Our purpose should be, not to
strangle business as an incident of
strangling combinations, but to re-
gulate big corporations in thorough-
going and effective fashion, so as to
help legitimate business as an in-
cident to thoroughly and completely
safeguard the interests of the people
as a whole.

"Few will dispute the fact that
the present situation is not satisfac-
tory and cannot be put on a perma-
nently satisfactory basis unless we
put an end to the period of flopping
and declare for a fixed policy, a pol-
icy which shall clearly define and
punish wrong-doing, which shall put
a stop to the inequities done in the
name of business, but which shall do
good to legitimate business."

"It is not necessary in an article
like this to attempt to work out
such a plan in detail. It can as-
suredly be worked out. * * * The
success of Wisconsin in dealing with
the corporations within her borders,
so as both to do them justice and to
exact justice in return from them
toward the public, has been signal;
and this nation should adopt a pro-
gressive policy in substance akin to
the progressive policy not merely for-
mulated in theory but reduced to
actual practice with striking success
in Wisconsin. * * *

"The national government exer-
cises control over interstate com-
merce, and it can in similar fash-
ion exercise control over all indus-
trial organizations engaged in in-
terstate commerce. This control
should be exercised, not by the
courts, but by an administrative
bureau such as the bureau of corpo-
rations or the interstate commerce
commission; for the courts cannot
with advantage permanently perform
executive and administrative func-
tions."

DECREASE IN COUNTY SCHOOL ATTENDANCE

That the number of school children in the county of La Crosse between the ages of four and twenty has decreased 623 in the past twelve years, despite the fact that the county's population is increasing and that the opportunity for obtaining an education is improving, and that the school population is still rapidly decreasing is the startling information which developed from the annual report of Superintendent of Schools Oltman which has been submitted to the county board. The decrease in the past twelve years has been 13.5 per cent or greater than one per cent per year. At this rate the schools of La Crosse county will be empty within a century.

WATER WRANGLE CAUSE OF DEATH

Lack of Initiative on Water Question Responsible for Death, Says Dr. Evans

ENGINEER TALKS STATE AID

La Crosse Will Gain Nothing in the Future, He Says; Board Goes to West Salem

That "dilly dallying" with the water question has cost the life of one of the most respected, honored and successful citizens of La Crosse, is the assertion of Dr. E. Evans, when speaking on the urgent necessity for a tuberculosis sanatorium at the meeting of the county board late yesterday afternoon. In commendation of the proposed institution Dr. Evans urged that the supervisors give prompt attention to the welfare of the health of the people and not jeopardize the lives of thousands by neglecting to adopt plans for the institution.

"The matter of money should not enter into the question at all when the very lives of the people are at stake and although the erection of the building would raise the tax, it would be but a few years before the plague, would be entirely wiped out," said Dr. Evans.

"Not only that but when it comes to a question of dollars and cents, I am positive that the county would ultimately find that it is saving money by the ratification of the resolution to purchase a site and the taking of definite steps for a county sanatorium."

Mr. C. H. Schweizer also spoke on the necessity of a sanatorium for La Crosse county. The resolution presented on the purchasing of a site and the appointment of a special committee to investigate the details in connection with the erection of the sanatorium was referred to the committee on ways and means.

Successful Economy in Baking
Most housewives assume when they buy a big can of baking powder at a low price that they have been economical. They have to a slight extent—but when they use that cheap "big can" baking powder, and find it so uneven in quality, or so unreliable that the baking fails, there isn't so much economy in it after all, for the wasted materials far outweigh the few cents saved in the price.

SUCCESSFUL economy, is in the reach of every woman that desires it. She has only to order Calumet Baking Powder, and use it according to instructions. Then, she will achieve economy. For not only does Calumet sell at a reasonable price—25c per pound—but it is so carefully made by experienced chemists that failure is impossible. Only the best materials are used and the proportions of the ingredients are so exact and so uniform that EVERY baking comes from the oven, light, sweet, and beautifully raised. Calumet guarantees you against failure, and that is what constitutes real economy in baking.

Why not use Calumet, a baking powder that you can always rely upon? You can get no better at any price, for at the World's Pure Food Exposition, Calumet received the Highest Award.

ROW IN LORIMER PROBE

CHICAGO, Nov. 16.—Cross examination of State's Attorney John E. W. Wayman, by Attorney Haney, before the Lorimer investigation committee, was a bitter series of interchanges of a more or less personal nature. Both lawyers quibbled at practically every question and answer. Wayman described the trip he took to Mount Vernon, Ill., declaring he went there to find out about the display of \$100 bills, at a Centralia baseball game, by Representative W. C. Blair of that town. The witness said this display was made shortly after Lorimer's election.

COOL HEADS PREVENT PANIC

CLEVELAND, Ohio, Nov. 16.—Seven hundred children quietly filed out of the Dawning public school here today when fire was discovered in one of the portable rooms in the rear of the main "L" building. Coolness on the part of the teachers prevented a panic. The second alarm was sounded and before the fire department arrived, all the pupils had reached the street in safety.

This means that La Crosse county will not draw state aid in excess of the actual amount paid to the state for conversion to the state aid fund or in other words La Crosse county will receive the precise amount it pays to the state aid fund, as state aid, if the county appropriation calls for its full allotment while on the other hand if the county does not call for its full allotment of state aid, the roads of other counties will receive improvements at the expense of La Crosse county.

If the declaration of Mr. Torkelson proves correct, this county will have nothing to gain by the new state aid law but may lose money by not falling in line with the good

road movement.

Mr. Torkelson spoke in detail on the new state aid law and answered questions of the supervisors in regard to its provisions.

Reports Adopted
At the afternoon session yesterday the reports of the following committees were adopted: special bridge committee; grounds and buildings; report on insane asylum building. The annual report of the trustees of the insane asylum was referred to the committees on ways and means and poor and insane.

A resolution to the effect that this afternoon be spent in a visit to the county insane asylum was adopted.

Judge Higbee spoke on the necessity of making alterations in the circuit court room to improve the acoustics and recommended that action be taken in this matter.

FARMERS PREDICT GOOD SLEIGHING

As a Result Price of Wood Promises to Be Lower; Rains Followed by Cold Spell the Cause

Sleigh-bells will probably jingle merrier this winter than in many a year on the roads leading to and from La Crosse—better sleighing than has been had in twenty years is freely predicted by farmers.

The prevailing spirit among Wisconsin farmers is a joyous one for good sleighing—the kind that was had back in the eighties—will live on trade greatly. Ruralites will be able to bring their produce to the markets in this city each day. They will not be forced to begin the drive to the city before the sun is up and not arrive home until after dark. On the contrary if the general prediction proves true, farmers will be able to drive to the city in a few hours at the most and do their marketing, then return home. NOVEMBER MONTH OF FALLING STARS

Display of Leonids and Andromedes of Especial Interest to Students of Astronomy

November is essentially the month of falling stars, the two displays of the Leonids (14th to 17th) and the Andromedes (24th to 27th) being of special importance. As the meteor glides silently across the sky in a momentary gleam of light it seems like some ghostly visitant from space.

Some like the Andromedes and Leonids follow in the train of a once mighty comet, and, being of royal cometary lineage, disdain to sink to our level, figuratively speaking. That is, no meteorite that has been known to fall on the earth claims any connection with either of these swarms of meteors, with the exception of the Mazapil meteorite which fell during the shower of Andromedes on Nov. 27, 1885, at Mazapil in northern Mexico. The Andromedes are said to be the fragments of a little comet known as Biela's comet, after the man, who was the first to detect it in the sky in the year 1827.

Biela's comet was never particularly robust and its many sharp encounters with the tiny planets which circulate between Mars and Jupiter probably had much to do in causing the final disaster.

year under the strain of heavy loads of produce which they dragged over roads the runners of the sleighs cutting through the snow and ice into the earth.

Farm products will be much cheaper if there is good sleighing. The farmer being able to bring his wood into the markets arriving in the morning, can dispose of the load and return for another providing he does not live too far from the city.

Farmers state that the supply of wood will be abundant this year if there is good sleighing. This will mean a slashing in prices. The fact that there was little snow last year kept the price of wood at the top notch.

Farmers interviewed yesterday stated that there is an excellent foundation for good sleighing at the present. The rains the latter part of last week which followed the snow and cold spell prepared the roads. If warm days do not come the roadbeds will probably remain hard and firm and when a heavy snow comes there will be sleighing aplenty.

RAILROADS' OFFER REFUSED BY TAFT

WASHINGTON, Nov. 16.—A committee of attorneys for a large group of railroads called at the White House yesterday afternoon and offered to discuss with President Taft the report of the Hadley committee which investigated the question of railroad securities.

The president told the attorneys that if he cared to hear the views of the railroad men, he would send for them, but that he was not ready to discuss the report at present. He gave no intimation as to the contents of the report.

Flint, Mich., Rheumatic Cure Attracts from Mt. Clemens. Fuss has Made a Splendid Record in an Exceedingly Short Time

Flint, Mich., is becoming famous as the home city of a new cure for rheumatism which has been used with such success as to attract attention from all over the country. The new medicine is called "Fuss." T. C. Millard, manufacturer of the remedy, when seen at his residence, 525 Harrison street, Flint, Mich., admitted that the new cure had made a great record in a short time.

"We have had patients come here from Mt. Clemens and other cities where they had failed to get relief," he said, "and the medicine has cured them. Fuss goes to the root of the disease. It operates upon every portion of the body. It dissolves and eliminates the poison from the system; it invigorates the muscles, and limbers the stiffened joints. It acts upon the liver and kidneys, removing from them all irritants, restoring them to perfect health and regularity."

Among the large number of testimonials, Mr. Millard exhibited the following: C. K. Herndon, Maryville, Mo., says: "This may certify that I have taken Fuss for rheumatism and I believe it is the best remedy for this disease in the market today. I have been to Mt. Clemens three times and St. Louis once within the past 15 years, but did not receive much relief. Last October a friend told me to try Fuss. I have taken three bottles this winter and I am now 100 per cent better than I have been for fifteen years."

Cures Coughs

After Ordinary Preparations Fail—Wonderful New Mixture Made at Home

An investigating chemist of national reputation just recently discovered in a compound known to the medical world as essence mentho-laxene, a most wonderful virtue as a curative, laxative cough syrup and the best part of it is, it can be made at home about 8 times cheaper than one can buy labeled cough syrups. It immediately relieves the severest cases of asthma, bronchitis, coughs and chronic colds on the lungs, and it effects a cure, too, because it has a laxative action when 8 to 10 doses are taken daily. In very short order it will loosen the tightest cough and one can feel it "taking hold" in its curative action. Obtain of the druggist, or have him order from wholesale firm 2 1/2 ounces essence mentho-laxene. Empty it into a pint bottle. Make a syrup with a pint of sugar and a half pint of boiling water, stir and let cool. Then fill up the bottle with syrup, shake well and take a teaspoonful 8 to 10 times daily or as needed. Give children less according to age. It is very pleasant to take.

TWO LIVES LOST IN FIRE IN OGDEN, UTAH

SALT LAKE CITY, Utah, Nov. 16.—Two men were fatally burned and \$200,000 loss was caused by a fire which early today threatened the entire business district of Ogden. The fire was brought under control after a hard struggle by the Ogden firemen, aided by a heavy rain which started this morning. The fire started in the basement of the Eccles building, near the elevator shaft, Harry Quinn, the elevator conductor, gave the alarm. There were many thrilling rescues, 100 members of the Weber club, a commercial organization, being taken to safety from the windows of the building.

What "Cooking in Paper Bags" Does

It does away with the cleaning of greasy pots and pans.

As bags are sealed when contents are cooking, it keeps cooking odors from filling house or apartment.

It conserves the health-giving juices of meats and the life-giving salts of vegetables that escape wholly or in part under the present system of pot-and-pan cooking.

Because of this fact it makes every dish more savory and nutritious, and it is economical, the food weighing practically the same when drawn from, as when put in, the oven.

It means quicker cooking, and, hence, lowering of gas or coal bills.

It saves time and anxiety—you don't have to keep looking at the food from time to time as it is cooking to see if everything is all right. You just put the food in the

oven, shut the door, and at the set time take it out, done to a turn.

If food is left in the oven five or ten minutes longer than time called for it will not be harmed in the least, as is likely to be the case under present system of cooking.

A housewife, intelligently employing Soyer's paper-bag cookery, can put an entire meal in the oven, and then, secure in the knowledge that it cannot burn or come out underdone or overdone, go about other duties, or pleasure, until the minute arrives when the meal is to be served.

The Chicago Daily News tells all about Soyer's "Cooking in Paper Bags." It prints every day a descriptive article, telling just how to do the thing, and gives new recipes every day for cooking the every-day meals by the new system.

All newsdealers sell The Chicago Daily News. It is Chicago's family newspaper. Its circulation is over 300,000 copies a day. Considering that almost every copy goes into a family of two, three or more members, it is safe to say that a million people read it every day. More people in Chicago read The Chicago Daily News than read any other Chicago newspaper.

PROGRESSIVES START FIGHT IN GRANGE

COLUMBUS, Ohio, Nov. 16.—To wrest the control of the National Grange from a standpat ring which has succeeded in throttling the endorsement of progressive measures and restore its function of progressive statesmanship, the insurgents have begun a hot fight for more equitable representation in the national convention which opened here yesterday.

Now in control of the National Grange is M. J. Bachelor, of New

Hampshire, master, and his lieutenant, Aaron Jones, of Indiana. Bachelor is an ex-governor of New Hampshire. Jones was formerly republican state chairman of Indiana.

"The Bachelor-Jones ring has acted as an opiate to the National Grange, binding it to the will of the standpat interests of the country," said A. Nevin Detrich of Chambersburg, Pa. "We must fight to gain equitable representation in the convention."

It is difficult to get an unprejudiced statement from anything but a thermometer.

THREE INJURED IN TRAIN COLLISION

BREEZE, Ill., Nov. 16.—Three persons were injured, none of them seriously, and two cars loaded with eastern and foreign mail wrecked and burned when a Baltimore and Ohio fast mail train, from St. Louis to New York crashed into a switch engine standing on the main track here.

The switch engine and the engine of the passenger train were both demolished by the impact. The two forward mail cars were derailed and

smashed catching fire almost immediately. The local fire department responded to the alarm and extinguished the blaze, but not before a large quantity of mail matter of all classes had been destroyed. Traffic on the road was delayed.

Trophies at Camp
Douglas

MADISON, Wis., Nov. 16.—The Graham trophy, for the highest proficiency in firing in the Wisconsin National guard, was awarded to Company I, First infantry, of Neenah, its figure of merit being 96.62. Announcement of this and other awards was made in orders made public today by the adjutant general. Company I's tie with Company E, Second infantry of Fond du Lac, was broken by considering the smallest number of men qualified under marksmen and the largest number of men qualified as marksmen or better.

The competition was held at the state military reservation at Camp Douglas last August.

The Neenah company had forty-eight men qualified as marksmen, while Fond du Lac had thirty-eight. Other prizes were awarded as follows:

Gold watch, by Officers' association, W. N. G., for highest aggregate score, Gustave C. Schwandt, second lieutenant, Second infantry; score, 1,587.

National guard trophy for the same achievement, Gustave C. Schwandt. Special prizes for possible scores at 200 yards, rapid fire, were given to Rufus E. Jones, private, Company E, First infantry, Milwaukee; Alfred E. Gaartz, second lieutenant, First infantry, Milwaukee; Adolph Patzer, quartermaster sergeant, Company D, First infantry, Milwaukee; Louis Lang, artificer, Company G, Second infantry, Appleton; Rolfe A. Petrie, private, Company D, Third infantry, Mauston; George Organ, color sergeant, Third infantry, Tomah.

For possible score at 600 yards, slow fire, Alfred E. Gaartz, Milwaukee; for highest aggregate score at 200 yards, slow fire, four days' competition, Walter Zimmerman, private, Company C, Third infantry, Hudson; score, 221. For highest aggregate at 600 yards, slow fire, four days' competition, Alfred E. Gaartz, second lieutenant, First infantry, Milwaukee; score, 237. For highest aggregate at 1,000 yards, slow fire, four days' competition, Carl L. Behnen, color sergeant, Third infantry, Mauston; score, 280. For highest aggregate skirmish fire, four days' competition, Ernest V. Cook, private, Troop A, First cavalry, Milwaukee; score, 437. Revolver presented by General Chas. King for best score with revolver by officers, Robert A. Merrill, captain, Third infantry, Sparta; score, 185, 217, 402.

The Holway diamond badge for officers' competition in estimating distances was awarded to Arthur R. Langhoff, first lieutenant of First infantry, Fort Atkinson, whose per cent of error was .037.

GENERAL STRIKE ADDS TO TROUBLES

MEXICO CITY, Nov. 16.—To the wave of revolution which has menaced the welfare of Mexico for the last eighteen months now is added the threat of general strikes throughout the country. Economic conditions have been far from good for some time past and the general hard times, particularly in Torreón, San Luis Potosí and Puebla have precipitated strikes in these places.

Troops have been ordered to Torreón, the principal strike center.

TRY OUT FOR GAMES

NEW YORK, Nov. 16.—Eastern trackmen who aspire to membership on the Olympian games to compete in Sweden are ready for the tryouts at the Harvard stadium. The Olympian committee for the western tryouts will be held on the Chicago university field, and those for the Pacific coast at Golden Gate park, San Francisco.

HONUS WAITS
PITTSBURGH, Pa., Nov. 16.—Honus Wagner yesterday made what may prove to be the richest strike of his high average career when a 2,000,000 cubic flow of natural gas belched forth from the fourth of a series of wells put down by the ball players' stock company. The first three weeks were failures, but the fourth is believed to have tapped the richest vein of oil and gas in this section. Experts say it will net its owner a large fortune.

"Always wait 'em out," said Honus yesterday.

AD AND PACKEY AGAIN TO MEET

CHICAGO, Nov. 16.—A battle between Champion Ad Wolgast, the Cadillac wild cat, and Packey McFarland, the Chicago Stock Yards fighter, for the lightweight championship of the world to be staged in Jimmy Coffroth's in San Francisco on New Year's day is regarded as almost certain here today.

Word received from Wolgast's manager last night stated he had signed for two fights for the champion, one with Tommy Murphy, in Frisco, on December 15 and the second with McFarland on New Year's Day. Packey says the date suits him.

A real Bohemian is a man who honestly prefers beer to champagne, a pipe to a perfect, an old coat to a new one and another woman's society to his wife's.

Wild geese are flying south not so much on account of the weather, the experts say, but to escape the high cost of living in the north. "Society woman sues for rudeness on Pullman car." You can get rudeness on a Pullman car without suing for it.

BADGERS LAUGH AT GOPHER KICK

Students Say the Charge
Against Wisconsin Stars
Is Merely a Form of
Retaliation

MADISON, Wis., Nov. 16.—No definite charges of professionalism having been lodged against either Moll, Tandberg, Mackmiller or Hoeffel of the Wisconsin football team, the Wisconsin students generally are inclined to discredit the existence of any basis for them. The presumption gathered from campus talk is that Minnesota indiscriminately picked out the four men named to excite suspicions of their regularity in retaliation for Wisconsin's challenging of the mighty Pickering, and with no definite evidence of professionalism against them. Whatever be the truth of this theory, it finds ready acceptance in the Badger student body, which is greatly wrought up at this unexpected turn of events.

The students say it is most absurd of all to include Hoeffel in such a charge. Hoeffel's only athletic activity, it is said, was on the Green Bay high school eleven and the Wisconsin squad. Mackmiller, according to the Wisconsin contention, rowed on the St. Paul Boat club's squad one summer, but it is set up that no stronger amateur organization exists in the northwest than this rowing club, and it is recalled that the university of Wisconsin contested with them on Lake Mendota last spring. This is noted as in itself a guarantee of its amateur standing. Mackmiller, instead of receiving pay for his work with that crew, paid a fee of \$20 to join it.

Tandberg last night declared the Minnesota intimation of his professional standing was absolutely false.

and absurd. Moll insists his record is absolutely clean.

Camp Randall is covered with hay to protect the field from further freezing. The varsity was pitted against the freshmen again last night on the freshman field. Samp will probably start the game Saturday at Pollock's place at halfback, and with Tandberg and Gillette will compose the backfield.

Madison is beginning to take on a cardinal tinge in anticipation of the big game. The electric company will string 7,000 red lamps around the capitol square and down State street, and every street lamp in the business and student sections will be in red. Most of the electric signs in the city will be given a coat of red.

Store windows are rapidly taking on the festive colors distinctive of the day of the game of the year.

THE KICKER

(Contributed.)

The kickers on the farm are not so hard to get along with as the kickers in town.

On the farm there is the kicking cow and our long eared friend the mule, while in town there is the old mossback kicker who wants all the modern improvements and labor for nothing. Of the farm kickers, the cow may be sold for beef and the mule traded for a shotgun, but nothing but a funeral will get rid of a town kicker.

NEW OPERA STAR IS SHAPELY MAN

LONDON, Nov. 16.—London papers today speak in unmeasured praise of Orville Harrold, the American tenor who made his English debut as "Arnold" in "William Tell," the most difficult role in grand opera. London society women today are raving over the voice—and lovely legs—of the singer, who only a few years ago was driving a wagon in Muncie, Ind. Harrold's success at Oscar Hammerstein's new opera house was instantaneous, in a role which Caruso is said to have attempted, and in which he is said to have failed.
